Keyword: Rov Tank Inspection - 1 Ranking

The image is a screenshot of a Google search results page. At the top, the Google logo is on the left, and the search bar contains the text "Rov Tank Inspection". To the right of the search bar are icons for clearing the search, voice search, image search, and a magnifying glass. Below the search bar, there are three suggested queries: "What is the process of tank inspection?", "How often should tanks be inspected?", and "How to inspect a ballast tank?". A green arrow points from the search bar to the first suggestion. Below the suggestions is a "Feedback" link. The main search results are listed below. The first result is highlighted with a green box and a green arrow pointing to it from the search bar. It is ranked #1 and is from rovinpections.com.au. The title is "ROV Inspection Services Australia | Professional and Reliable ...". The snippet reads: "POTABLE WATER ROV TANK INSPECTIONS. Our ROV unit is useful for detecting leaks, harmful corrosion, and sediment buildup within your tank. Learn More ...". The second result is ranked #2 and is from ROV Services Australia. The title is "Tank Inspections". The snippet reads: "ROV Services Australia offers ROV inspections for potable & fire-water storage tanks. We prioritise health, safety, and water quality in every inspection."
